

# sendAllDelayedEmails

## Description

This timer send pre-composed e-mails from the system and must be integrated for [version 3.6 and higher](#). See [Mail Queue](#)

---

## Timer Name

any name

## Webservice Name

LoomEmailManager

## Webservice Method

sendAllDelayedEmails

---

## Reference

The more often the timer runs, the more often TIM tries to process the emails from the queue. For this purpose, time to start, interval and max. recursion must be set accordingly.

---

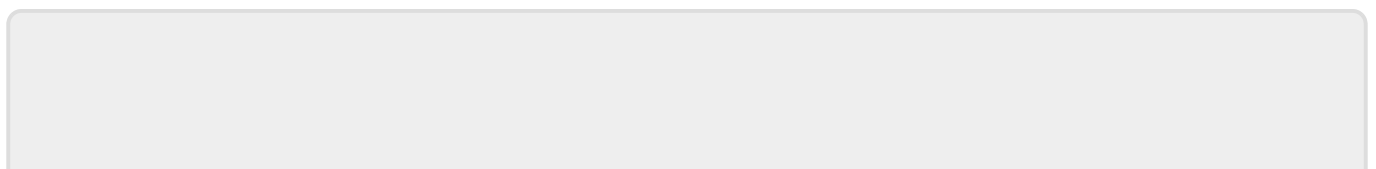

## Parameter

no parameters are required to this timer.

---

## Dependencies

TIM Version : [3.6](#)
