

User Profile

The user profile can be accessed in two ways:

- In an open [Client](#), the user clicks on his or her name in the right-hand upper corner

- The administrator clicks on a user in the [Administration Client](#)

A screenshot of the Administration Client showing a hierarchical tree structure under 'root'. The tree includes 'masterdata' (with 'CalendarProfil masterdata', 'Groups', 'Roles'), 'Users' (with several user entries like 'AV, Mitarbeiter (av)', 'Controlling, Mitarbeiter (controlling)', etc.), and a highlighted node 'Entwicklung, Mitarbeiter (entwicklung)'. Other nodes include 'Konstruktion, Mitarbeiter (konstruktion)', 'Lager, Mitarbeiter (Lager)', and 'Manager, Prozess (pm)'.

The settings for this user can now be changed in the open user profile.

Within the user profile four different tabs can be chosen according to requirements

 A screenshot of the User profile edit screen. The top navigation bar shows tabs: 'Properties' (highlighted with a red box), 'Profile', 'Absence', 'Absence rules', and 'Password'. The main area contains the following fields:

Name	pm
Firstname	Prozess
Lastname	Manager
Email	pm@tim234.de
Blocked	<input type="checkbox"/>
Last login	12/18/2015, 11:27 AM
Login count	41
Client language	en-US

- [Properties](#)
- [Profile](#)
- [Absence](#)
- [Absence Rules](#)
- [Password](#)
